

## TECH TIPS (from the Columbia Crier)

### Dirty Spark Plugs:

When spark plugs are dirty, they demand a really good cleaning. You can take care of the job yourself by buying a bottle of household ammonia. Simply soak the plugs and they will emerge cleaner than san blasted ones. The ammonia loosens the deposits and floats them away.

### Driveway Cleaner:

A very effective and economical driveway degreaser is ordinary laundry spot degreaser, such as SPRAY N WASH or SHOUT. Spray it on the wet oil spot. After waiting about 30 seconds wash it off with water. For touch stains, brush the detergent into the spot and then hose it off.

## SPRING TUNE-UP

(from the "Chatter" Calumet Region of MARC newsletter, June 2006)

### MODEL "A" THINGS TO LUBRICATE:

1. Horn (light weight oil only)
2. Hood hook springs (regular weight oil)
3. Hood Hinges (spray type oil\*)
4. Door hinges (spray type oil\*)
5. Door latch parts (spray type oil\*)
6. Accelerator cross shaft bearings (regular oil)
7. Accelerator linkage ends (regular oil)
8. Carburetor shafts (regular oil)
9. Distributor linkage ends (regular oil)
10. Brake rod ends (clean with spray brake cleaner then oil with 600 wt. Oil)
11. Front and rear leaf springs (spray type oil)
12. Trunion on clutch (600 wt oil)
13. Clutch release arm shaft (regular oil where production grease fittings are absent)
14. Clutch trunion rod clevis pins (600 wt. Oil)
15. Clutch and brake pedal shaft bushings (regular oil where production grease fittings are absent)
16. Brake cross shaft bushings (regular oil)
17. Brake pedal to cross shaft clevis pins (600 wt. Oil)
18. Emergency brake clevis pins (600 wt. Oil)
19. Emergency brake cross shaft bushings on 1930-31 small shaft (600 wt. oil where production grease fittings are absent)
20. Emergency brake shafts in backing plates (regular oil)
21. Whenever brake drums are off, oil emergency brake shaft on inside of backing plate
22. Whenever front or rear brake drums are off, wash everything with brake cleaner then wipe all moving mechanical parts with white lithium grease
23. Spray levers inside car (light film of Vaseline)
24. Upper steering column brushing (regular oil)
25. Windshield wiper (regular oil for electrics, pneumatic oil for vacuum types)

\* DO NOT USE WD40
